Demon: Trust you? Why in the hell should I trust you?! I'm done and I'm gonna tell you why right now!

Verse 1

should I listen to you? Blind for the truth?

There is no fix Tossed in the ditch

Stared at like an animal all we ever do is crawl

Hang on be a treat what do we get?!

Tears anger regret

world is cold no one holds

A key to peace fantasies

Aren't real deal with it quit shit

Stick knives right through eyes

Of people not treating us equal

Evil?

Your wish don't switch

Therapy won't heal makes you feel

Better leaves

Like all before Settle the score

No more fighting to be seen

Sleep an endless dream

Squeeze trigger Peace picture

Clear as day say

Hear me bro know

Faith sealed

Feel Down? Came to town

Now?

Done don't run

Destiny get me?

Execute remedy

Chorus:

We're here again battling

Good and bad why this story is so said

Never they agree angel and demon

Will they be free?

One day we are happy
Ok to cry get why
