

13. Relapse

Chorus:

Everything I did Everything I do
Need to get a grip can't lose
Its do or die Back and forth
Yeah I try last resort
Song like this of his rocker
Outcome is Bother?
Hopeless (hopeless)
Fool yell ok yep get it cool
Farewell

Verse 1

Say it loud wrong route
Travel on Strong
Couple weeks victories
More and more door
Slammed in my face dam race
Outrun How come (cum)
I'm done with him
But again like a boomerang ruins the plan
Hate it made it
Clear don't interfere
Fifty fifty we
Agreed beat
It shit
Converse less? purpose (purpess) yes!
interact more go to a store
Social vocal
speak my mind yeah declined
slowly over time sign?
Foot of the gas guess
Clear as day if I may
client unable not stable
For long enough tough
to hear? here
it is miss
What we call this mess? A relapse

Chorus:

Everything I did Everything I do
Need to get a grip can't lose
Its do or die Back and forth
Yeah I try last resort
Song like this of his rocker
Outcome is Bother?
Hopeless (hopeless)
Fool yell ok yep get it cool
Farewell

Verse 2

Goals were set Don't care neglect
Be Quiet now want no one around
Stay out my space cant lie straight face
Want help? Well
Let me be you see company
Don't require entire
Brain focus on inflicting pain aim shoot clear the stains
Hang you in a tree trunk reads I'm free crazy
I know start to show
Only thing I can do bring a verse or two
I do think my shrink blinks
With her eyes oh my?! why
Still a fool?
Gave the tools nothing I can do
Then tell you good luck friend fuck man
I'll do better no matter
I'm bad It's just Stress drives me mad!

Chorus:

Everything I did Everything I do
Need to get a grip can't lose
Its do or die Back and forth

Song like this of his rocker
Outcome is Bother?
Hopeless (hopeless)
Fool yell ok yep get it cool
Farewell
